LOOKING AHEAD...

"This new program will continue to achieve our mission, and provide high quality and accessible treatment to individuals and families. This new service will give individuals the tools they need to change their lives. They will be on the path to recovery."

Ann Domingos,
CEO, CASA-Trinity, Inc.

WWW.CASA-TRINITY.ORG

Hello Friend,

We're thrilled to announce that our Wellness Center opens on May 6, 2019 and we are now accepting referrals!

This facility is a (25) bed co-ed, 820 Residential Program, where our mission statement is that our staff understands recovery is not an event, rather a process of change.

We understand programs do not succeed, individuals succeed. We provide an opportunity for individuals to improve their health and wellness so they can live a self-directed life and strive to reach their full potential.

Offering three different levels of care being: stabilization, rehabilitation and re-integration.

Our Wellness Center provides 24-hour supervised housing in a comfortable, safe and clean-living environment supported by good routines of health and wellness including treatment, proper nutrition, rest, exercise, spiritual pursuits, and recovery supported activities and recreation.

We also offer career development services through work readiness programs. Our staff strongly believe in a holistic approach to recovery meaning the whole person is treated while at our newly built facilities at the Wellness Center, and also strongly encourage family involvement throughout the treatment process.

For more program information or to make a referral to our Wellness Center, please call (585) 335-5052 ext. 2429 to reach our Wellness Intake Coordinator, Dawn Landon.

We look forward to assisting you!

Sincerely,
CASA-Trinity, Inc.
